

Big Kids Use the Bathroom!

**Most kids my age know how to use the bathroom.
I'm learning how to use it too.
It's a part of growing up.**

**Kids who use the bathroom on their own can stay
clean and dry.**

**They don't need to have their diapers changed.
Their clothes stay fresh.**

Other people like the way they smell.

**Kids who use the bathroom on their own know
it's better to use the bathroom than to have an
accident.**

**They know when it's time to go. They go to the
bathroom to use the toilet, even if they have to
stop what they're doing.**

That way they can stay clean and fresh smelling.

**I want to stay clean and fresh too.
I want to be a big kid.**

So I will try to use the bathroom on my own.
