

Task Analysis Data Collection

Sequence of Steps	date/time	date/time	date/time	date/time	date/time	date/time	date/time	date/time
1.								
2.								
3.								
4.								
5.								
6.								
7.								
8.								
9.								
10.								

I did it all by myself!

I was told to do it.

I was shown how to do it

I was helped to do it

Someone else did it

Instructions for using this form:

- 1. List each step of the toileting sequence in the numbered column.**
- 2. Record the data and time for each toileting trial.**
- 3. For each trial, fill in the box of each step in the sequence with the corresponding color indicated by the prompt code on the left.**
- 4. When form is completed, look for patterns and trends.**
