Big Kids Use the Bathroom!

Most kids my age know how to use the bathroom. I’m learning how to use it too. It’s a part of growing up.

Kids who use the bathroom on their own can stay clean and dry.

They don’t need to have their diapers changed. Their clothes stay fresh.

Other people like the way they smell.

Kids who use the bathroom on their own know it’s better to use the bathroom than to have an accident.

They know when it’s time to go. They go to the bathroom to use the toilet, even if they have to stop what they’re doing.

That way they can stay clean and fresh smelling.

I want to stay clean and fresh too. I want to be a big kid.

So I will try to use the bathroom on my own.
